Detail Hunt

30 Museum Missions

Look · Search · Tell

A game to learn how to really look at paintings.

Ready to print

The Detective Rules

Each mission is a painting with 3 challenges. Search the picture, then check the box!

1. Look

Look at the painting for a long time, first from far away, then up close. Details hide everywhere.

2. Check

Each challenge you complete is worth 1 point. A full mission earns 3 points.

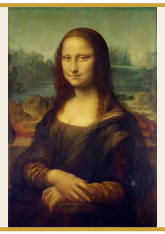

3. Count

Write your points on the scoreboard. At 60 points, you become an Art Detective!

Play alone, with your family, or even at a museum. The sheet number points to the **Little Artists** book so you can color the artwork.
